YUBA

Yuba is the top-layer goodness that we hand skim after we warm our super creamy organic soymilk. Not to be confused with tofu, yuba is a protein marvel on it's own - a versatile ingredient for soups, pastas, wraps, omelets and more.

KUMIAGE YUBA (NO. 1)

The earliest harvested yuba-unctuous, rich and creamy with a smooth texture similar to burrata. So delicate it's notoriously difficult to harvest and can only be gathered with a scoop. Rich flavor & luscious texture for savory and sweet applications.

Food Service Case: 3 x 1 lb.
 UPC: 850565007033
 Shelf Life: 10 days

TSUMAMI YUBA (NO. 2)

Sheer and smooth, this luscious ultra-tender yuba provides an ambrosia sensory experience first, followed by a buttery sweetness.

Food Service Case: 3 x 1 lb.
 UPC: 850565007040
 Shelf Life: 10 days

HIKIAGE YUBA (NO. 3)

These toothsome, milky sheets are prized for their alluring, sweet, mild flavor, and how they hold their shape. Because of the way it slides off your tongue, this yuba is often referred to the sashimi of tofu.

Food Service Case: 3 x 1 lb.
 UPC: 850565007057
 Shelf Life: 10 days

KUMIAGE YUBA (NO. 4)

Fully formed, mature soymilk skin. With the same creamy, nutty and sweet flavors of the other young yubas, it has a distinctive bite that is firm yet somewhat chewy. Extremely versatile in the kitchen, it can be crisped or used as gluten-free pastas as a papillote, a roulade base or thin ribbons in soups.

Food Service Case: 2 x 2.5 lbs.
 UPC: 853404002350
 Shelf Life: 10 days

SPICY YUBA NOODLES

A delectable meal of seasoned yuba strips. We first marinate Hodo Yuba, then sear it to bring out its amazing natural flavors. Next, we hand cut the yuba into ribbons, like fresh pasta, and glaze them with our house-made teriyaki sauce.

Food Service Case: 2 x 2.5 lbs.
 UPC: 853404002275
 Shelf Life: 60 days
